REVIEW Rise Book 1 Occupation Dark Days Apocalypse Z Book
Dark Days is the sequel to Apocalypse Z: The Beginning of the End.
It picks up immediately from where the first books ends and plunges
you straight into the action. I've read a lot of Zombie fiction but
what I like most about these books is that they are set in Spain and
view a worldwide zombie plague from a fresh European perspective
instead of the gun-toting tired old American type.

Dark Days is the second book in the Apocalypse Z series. I never
read the first book but it was easy to quickly piece together the
whole story. I picked up this book because one of my current
obsessions is ...zombies. Well I did get zombies but not as much as I
expected. I was expecting the zombies to be gruesome and in your
face. They were not.
