When Aidan suddenly appears and takes her hostage, Brie cannot believe how dark and dangerous he has become. She knows she should be afraid, but instead, she will fight across time for his redemption...and his love.

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies of War.

Seduction is one of the areas of life which has the potential to bring people the most pleasure and the most pain. If people are able to effectively move through life getting what they want and need out of romance and relationships then they are sure to be spared the pain of heartbreak and loneliness. If people are unable to master this area of existence then they set themselves up for disappointment and despair. Most people stumble through life, never taking conscious control of their seductive efforts, never figuring out exactly what it is that makes some people masters of seduction, and other people permanently alone and bitter. This book entitled Dark Seduction by Michael Pace represents the pinnacle of dark seductive knowledge which has been collected, tested and understood by the seduction community. The fact that a secret society of seducers exists at all will be news to some people. This knowledge is so powerful that some governments have literally banned people from teaching it within their nation. Some of the most devastatingly effective pickup techniques of all time are detailed within these pages. They may shock and surprise readers - but they may well seduce them at the same time. What follows is a practical, psychological and philosophical exploration of the topic of seduction, conducted from a dark perspective. It aims only to uncover the truth behind the secrets of seduction and present real, tried and tested information without any spin, gloss or romantic distortion. The book is not for the faint of heart or weak of mind. It is amoral and will shock many. Proceed with caution.
