This study of the life of Irwin Shaw is the result of hundreds of interviews with people who knew Shaw, who was celebrated both for his talent as a writer and his colorful personality

This study of the life of Irwin Shaw is the result of hundreds of interviews with people who knew Shaw, who was celebrated both for his talent as a writer and his colorful personality

Harry Belafonte is not just one of the greatest entertainers of our time; he has led one of the great American lives of the last century. Now, this extraordinary icon tells us the story of that life, giving us its full breadth, letting us share in the struggles, the tragedies, and, most of all, the inspiring triumphs. Belafonte grew up, poverty-ridden, in Harlem and Jamaica. His mother was a complex woman-caring but withdrawn, eternally angry and rarely satisfied. His father was distant and physically abusive. It was not an easy life, but it instilled in young Harry the hard-nosed toughness of the city and the resilient spirit of the Caribbean lifestyle. It also gave him the drive to make good and channel his anger into actions that were positive and life-affirming. His journey led to the U.S. Navy during World War II, where he encountered an onslaught of racism but also fell in love with the woman he eventually married. After the war he moved back to Harlem, where he drifted between odd jobs until he saw his first stage play-and found the life he wanted to lead. Theater opened up a whole new world, one that was artistic and political and made him realize that not only did he have a need to express himself, he had a lot to express. He began as an actor-and has always thought of himself as such-but was quickly spotted in a musical, began a tentative nightclub career, and soon was on a meteoric rise to become one of the world's most popular singers. Belafonte was never content to simply be an entertainer, however. Even at enormous personal cost, he could not shy away from activism. At first it was a question of personal dignity: breaking down racial barriers that had never been broken before, achieving an enduring popularity with both white and black audiences. Then his activism broadened to a lifelong, passionate involvement at the heart of the civil rights movement and countless other political and social causes. The sections on the rise of the civil rights movement are perhaps the most moving in the book; his close friendship with Martin Luther King, Jr.; his role as a conduit between Dr. King and the Kennedys; his up-close involvement with the demonstrations and awareness of the hatred and potential violence around him; his devastation at Dr. King's death and his continuing fight for what he believes is right. But My Song is far more than the history of a movement. It is a very personal look at the people in that movement and the world in which Belafonte has long moved. He has befriended many beloved and important figures in both entertainment and politics-Paul Robeson, Eleanor Roosevelt, Sidney Poitier, John F. Kennedy, Marion Brande, Robert Kennedy, Nelson Mandela, Fidel Castro, Tony Bennett, Bill Clinton-and writes about them with the same exceptional candor with which he reveals himself on every page. This is a book that pulls no punches, and turns both a loving and critical eye on our country's cultural past. As both an artist and an activist, Belafonte has touched countless lives. With My Song, he has found yet another way to entertain and inspire us. It is an electrifying memoir from a remarkable man.

The meteoric rise of the largest unregulated financial market in the world-for contemporary art-is driven by a few passionate, guileful, and very hard-nosed dealers. They can make and break careers and fortunes. The contemporary art market is an international juggernaut, throwing off multimillion-dollar deals as wealthy buyers move from fair to fair, auction to auction, party to glittering party. But none of it would happen without the dealers-the tastemakers who back emerging artists and steer them to success, often to see them picked off by a rival. Dealers operate within a private world of handshake agreements, negotiating for the highest commissions. Michael Shnayerson, a longtime contributing editor to Vanity Fair, writes the first ever definitive history of their activities. He has spoken to all of today's so-called mega dealers-Larry Gagosian, David Zwirner, Arne and Marc Glimcher, and Iwan Wirth-along with dozens of other dealers-from Irving Blum to Gavin Brown-who worked with the greatest artists of their times: Jackson Pollock, Andy Warhol, Cy Twombly, and more. This kaleidoscopic history begins in the mid-1940s in genteel poverty with a scattering of galleries in midtown Manhattan, takes us through the ramshackle 1950s studios of Coenties Slip, the hipster locations in SoHo and Chelsea, London's Bond Street, and across the terraces of Art Basel until today. Now, dealers and auctioneers are seeking the first billion-dollar painting. It hasn't happened yet, but they are confident they can push the price there soon.

A no-holds-barred biography of New York Governor Andrew Cuomo. Andrew Cuomo is the protagonist of an ongoing political saga that reads like a novel. In many ways, his rise, fall, and rise again is an iconic story: a young American politician of vaunting ambition, aiming for nothing less than the presidency. Building on his father's political success, a first run for governor in 2002 led to a stinging defeat, and a painful, public divorce from Kerry Kennedy, acion of another political dynasty, Cuomo had to come back from seeming political death and reinvent himself. He did so, brilliantly, by becoming New York's attorney general, and compiling a record that focused on public corruption. In winning the governorship in 2010, he promised to clean up America's most corrupt legislature. He is blunt and combative, the antithesis of the glad-handing, blow-dried senator or governor who tries to please one and all. He's also proven he can make his legislature work, alternately charming and arm-twisting his colleagues with a talent for political strategy reminiscent of President Lyndon Johnson. Political pundits tend to agree that for Cuomo, a run for the White House is not a question of whether, but when.

\*Working with Vanity Fair contributing editor Michael Shnayerson, B. and her husband Dan share B.'s unfolding story on dealing with early-onset Alzheimer's. Crafted in short chapters that interweave their narrative with ... advice, readers learn in small bites about dealing with Alzheimer's disease's day-to-day challenges, the family tensions, and ways of coping, as well as gain tips on diet and exercise from a lifestyle maven using her decades of expertise in a new and unexpected way!--

The story of the notorious Jewish gangster who ascended from impoverished beginnings to the glittering Las Vegas strip "[A] brisk-reading chronicle of Siegel's life and crimes."--Tom Nolan, Wall Street Journal "Fast-paced and absorbing. . . . With a keen eye for the amusing, and humanizing detail, [Shnayerson] enlivens the traditional rise-and-fall narrative."--Jenna Weissman Joselit, New York Times Book Review In a brief life that led to a violent end, Benjamin "Bugsy" Siegel (1906-1947) rose from desperate poverty to ill-gotten riches, from an early-twentieth-century family of Ukrainian Jewish immigrants on the Lower East Side to a kingdom of his own making in Las Vegas. In this captivating portrait, author Michael Shnayerson sets out not to absolve Bugsy Siegel but rather to understand him in all his complexity. Through the 1920s, 1930s, and most of the 1940s, Bugsy Siegel and his longtime partner in crime Meyer Lansky engaged in innumerable acts of violence. As World War II came to an end, Siegel saw the potential for a huge, elegant casino resort in the sands of Las Vegas. Jewish gangsters built nearly all of the Vegas casinos that followed. Then, one by one, they disappeared. Siegel's story laces through a larger, generational story of eastern European Jewish immigrants in the early? to mid?twentieth century.

In 1933, Joan Harrison was a twenty-six-year-old former salesgirl with a dream of escaping both her stodgy London suburb and the dreadful prospect of settling down with one of the local boys. A few short years later, she was Alfred Hitchcock's confidante and one of the Oscar-nominated screenwriters of his first American film, Rebecca. Harrison had quickly grown from being the worst secretary Hitchcock ever had to one of his closest collaborators, critically shaping his brand as the "Master of Suspense." Forging her own public persona as the female Hitchcock, Harrison went on to produce numerous Hollywood features before becoming a television pioneer as the producer of Alfred Hitchcock Presents. A respected powerhouse, she acquired a singular reputation for running amazingly smooth productions- and defying anyone who posed an obstacle. She built most of her films and series from the ground up. She waged rough-and-tumble battles against executives and censors, and even helped to break the Hollywood blacklist. She teamed up with many of the most respected, well-known directors, writers, and actors of the twentieth century. And she did it all on her own terms. Author Christina Lane shows how this stylish, stunning woman became Hollywood's most powerful female writer-producer-one whom history has since overlooked.

When an ancient artifact dissolves in the hands of a man calling himself Mr. Veilleur, he knows something has gone wrong...terribly, cosmically wrong. Dr. Roderick Hanley, Nobel Prize-winning geneticist, dies in a plane crash. His last words: "The boy! They'll find out about the boy! He'll find out about himself!" When Jim Stevens, an orphan and struggling writer, learns that he is the sole heir to the Hanley estate, he is sure he has at last found his biological father. But he's only half right. The true nature of his inheritance--and the truth about his conception--will crush him. In New York City a group of Charismatics has been drawn together--without invitation, simply showing up at a Murray Hill brownstone--with a sense of great purpose. Satan is coming, and they have been chosen to fight him. Mr. Veilleur too has been drawn to the group, but he realizes it's not Satan who is coming. Satan would be a suitable au pair compared to the ancient evil that is in the process of being Reborn. Tor is reissuing the third title in the Adversary Cycle, The Touch, in July 2009. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The second of three volumes by Alan Wald that track the political and personal lives of several generations of U.S. left-wing writers, Trinity of Passion carries forward the chronicle launched in Exiles from a Future Time: The Forging of the Mid-Twentieth-Century Literary Left. In this volume Wald delves into literary, emotional, and ideological trajectories of radical cultural workers in the era when the International Brigades fought in the Spanish Civil War (1936-39) and the United States battled in World War II (1941-45). Probing in rich and haunting detail the controversial impact of the Popular Front on literary culture, he explores the ethical and aesthetic challenges that pro-Communist writers faced. Wald presents a cross section of literary talent, from the famous to the forgotten, the major to the minor. The writers examined include Len Zinberg (a.k.a. Ed Lacy), John Oliver Killens, Irwin Shaw, Albert Maltz, Ann Petry, Chester Himes, Henry Roth, Lauren Gilfillan, Ruth McKenney, Morris U. Schappes, and Jo Sinclair. He also uncovers dramatic new information about Arthur Miller's complex commitment to the Left. Confronting heartfelt questions about Jewish masculinity, racism at the core of liberal democracy, the corrosion of utopian dreams, and the thorny interaction between antifascism and Communism, Wald re-creates the intellectual and cultural landscape of a remarkable era.
