The first historical appraisal of the astonishing life and times of a controversial twentieth-century saint Padre Pio is one of the world's most beloved holy figures, more popular in Italy than the Virgin Mary and even Jesus. His tomb is the most visited Catholic shrine anywhere, drawing more devotees than Lourdes. His miraculous feats included the ability to fly and to be present in two places at once; an apparition of Padre Pio in midair prevented Allied warplanes from dropping bombs on his hometown. Most notable of all were his stigmata, which provoke heated controversy to this day. Were they truly God-given? A psychosomatic response to extreme devotion? Or, perhaps, the self-inflicted wounds of a

Download Ebook La Cultura Democristiana Tra

charlatan? Now acclaimed historian Sergio Luzzatto offers a pioneering investigation of this remarkable man and his followers. Neither a worshipful hagiography nor a sensationalist exposé, Padre Pio is a nuanced examination of the persistence of mysticism in contemporary society and a striking analysis of the links between Catholicism and twentieth-century politics. Granted unprecedented access to the Vatican archives, Luzzatto has also unearthed a letter from Padre Pio himself in which the monk asks for a secret delivery of carbolic acid—a discovery which helps explain why two successive popes regarded Padre Pio as a fraud, until pressure from Pio-worshipping pilgrims forced the Vatican to change its views. A profoundly original tale of wounds and wonder, salvation and

Download Ebook La Cultura Democristiana Tra Chiesa, Padre Pio, Ebbro Italiana 1918-1948

This is a study of the Federazione Universitaria Cattolica Italiana (FUCI) between 1925 and 1943, the organisation of Catholic Action for the university sector. The FUCI is highly significant to the study of Catholic politics and intellectual ideas, as a large proportion of the future Christian Democrats who ruled the country after World War II were formed within the ranks of the federation. In broader terms, this is a contribution to the historiography of Fascist Italy and of Catholic politics and mentalities in Europe in the mid- twentieth century. It sets out to prove the fundamental ideological, political, social and cultural influences of Catholicism on the making of modern Italy and how it was

Download Ebook La Cultura Democristiana Tra

inextricably linked to more secular forces in the shaping of the nation and the challenges faced by an emerging mass society. Furthermore, the book explores the influence exercised by Catholicism on European attitudes towards modernisation and modernity, and how Catholicism has often led the way in the search for a religious alternative modernity that could countervail the perceived deleterious effects of the Western liberal version of modernity.

"Examines the cultural politics of Italian Catholics in the thirty years following World War II, and explores the sentiments of those who tried to renew a traditional Catholic ethos in an age of consumerism and secularism"--

In this book, Lucia Ceci reconstructs

the relationship between the Catholic
Church and Fascism, using new and
previously unstudied sources in the
Vatican Archives.

This book focuses on the involvement of the United States and the Vatican in the Italian film industry between 1945 and 1960. Gennari analyzes the tensions between economic (film industry), political (government) and ideological pressures.

The A to Z of Modern Italy is an attempt to introduce the key personalities, events, social developments, and cultural achievements of Italy since the beginning of the 19th century, when Italy first began to emerge as something more than a geographical entity and national feeling began to

Download Ebook La Cultura Democristiana Tra

grow. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a map, a bibliography, and some 400 cross-referenced dictionary entries on prominent individuals, basic institutions, crucial events, history, politics, economics, society, and culture.

The changing attitude of Catholic culture towards modernity After decades of a problematic, if not plainly hostile, approach to modernity by Catholic culture, the 1960s marked the beginning of a new era. As the Church employed a more positive approach to the world, voices in the Catholic milieu embraced a radical perspective, channeling the need for social justice for the poor and the oppressed. The alternative and complementary world

Download Ebook La Cultura Democristiana Tra views of "universalism" and "liberation"

would drive the engagement of Catholics for generations to come, shaping the idea of international community in Catholic culture. Because of its traditional connection with the papacy and because of its prominent role in the map of European progressive Catholicism, Italy stands out as an ideal case study to follow these dynamics. By locating the Italian scenario in a broader geographical frame, *Universalism and Liberation* offers a new vantage point from which to investigate the social and political relevance of religion in an age of crisis.

Italy is a country that exercises a hold on the imagination of people all over the world. Its long history has left an inexhaustible treasure chest of cultural

Download Ebook La Cultura Democristiana Tra

achievement: Historic cities such as Rome, Florence, and Venice are among the most sought-after destinations in the world for tourists and art lovers. Italy's natural beauty and cuisine are rightly renowned. It's history and politics are also a source of endless fascination. Modern Italy has consistently been a political laboratory for the rest of Europe. This third edition of Historical Dictionary of Modern Italy contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Italy.

Italiana 1918-1948

This book argues that Italy represents a privileged entry point into the comparative analysis of ideologies and experiences of modernity. The book compares how thinkers and politicians belonging to different ideological clusters - Liberalism, Communism, Fascism, Christian Democracy - came to formulate multiple and often antagonistic visions of Italy's road to the modern. By revisiting Italian political history from the late nineteenth century until the present with a focus on transition periods, Italian Modernities explores how competing historical narratives influenced shifting understandings of Italian nationhood, thus foregrounding the active role of memory politics in the formulation of multiple modernities.
